

HOUSE SYSTEM PLANNER

Academic Session 2026–2027

Dear Teachers,

Greetings!

You are well acquainted with the fact that G.D. Goenka School follows an established House System comprising four houses for the entire school:

Compassion, Courage, Wisdom, and Hope.

The House System plays a significant role in enhancing the overall educational experience of students. It promotes healthy competition and fosters a closer rapport between students and teachers. The segregation of students into houses is designed to encourage team spirit and a strong sense of belonging. It also helps in organizing competitions, allocating responsibilities, and maintaining discipline and decorum within the school.

The houses are responsible for managing the weekly planning of morning assemblies and performing duties to maintain discipline inside and outside the school during arrival and departure. The allocation of teachers is essential for the smooth functioning of the houses and for effectively managing various teams.

Below are the duties and allocation of teachers for the houses for the Academic Year 2026–2027.
